

## Civil Engineer

### Position Overview

Our client, **Brandstetter Carroll**, a national Architectural and Engineering firm, is currently seeking a **Civil Engineer** to join their team located in **Lexington, KY**. The Civil Engineer will leverage their expertise to expedite commercial and site development projects while in a collaborative team environment.

Since 1979, Brandstetter Carroll Inc. has been proud to be part of many extraordinary projects throughout the United States. On a daily basis, their clients expect the firm's professional Architects, Engineers, and Planners to utilize their training and creativity in improving the quality of life within their communities through innovative design.

Are you a **Civil Engineer** with excellent project management and communication skills who would like to work in a collaborative atmosphere with a diverse and talented group of individuals who are passionate about what they do? If so, let's talk!

### Key Responsibilities

- Work with the design team on site development for various project types, including municipal buildings, park systems, aquatic centers, and private development.
- Generate requests for and evaluate site surveys and geotechnical report on various projects.
- Produce layout, grading and drainage plans, including hydrology and hydraulics for storm systems and storm detention where required.
- Research and utilize planning and zoning requirements as required.
- Coordinate with other project disciplines including structural and MEP consultants.
- Work with, and direct other members of the project team on assignments, working both as a project lead and as a project team member depending on assignment.

### Requirements

- Bachelor's Degree in Civil Engineering
- PE preferred; or working to obtain licensure within 2 years
- 3+ years of experience in general site/civil engineering
- Previous experience with an architectural/engineering consulting firm is a plus
- Familiarity with AutoCAD and Civil3D
- Some travel may be required

### Key Skills

- Thrives in a collaborative and team-oriented environment
- Possesses exemplary analytical and organizational skills
- Effective communication skills (verbal and written)
- Experience handling multiple projects, working independently on smaller projects or assisting other team members on larger projects

### Benefits & How to Apply

**Benefits include PTO, paid holidays, health, dental, and vision insurance, life insurance (company paid), long and short term disability (company paid), 401K, tuition reimbursement, discounted gym membership, and a casual dress code**

A Slice of HR is working with this client on a retained search basis. If you meet the qualifications and want to join this team of talented individuals please send your resume to [meagan@asliceofhr.com](mailto:meagan@asliceofhr.com).
